INTERVIEW

2021-2022

PRESIDENT
2021-2022

Taking Inspiration from the dedication of My Rotarian and Inner Wheel Parents, Ramesh & Mira Mehta, and with their blessings, I have been extremely fortunate and humbled to have lead this club in the past year 2021-2022.

In this one year I have imbibed a great deal of knowledge about serving society about selflessness & dedication, & thus I have grown as a human being.

In the past year we did many social work projects, and help the genuinely needy straight from the heart,

Although the pandemic played spoilsport this year, we went ahead with lots of optimism and sincerity & completed all our projects which made a difference in someone's life.

and in this endeavour I highly appreciate my office bearer who have constantly & consistently given me support and worked with sincerity, loyalty & eagerness.

I extremely grateful to all our club members who had been generous in their contributions & who have always encouraged me , appreciated & blessed me,

Outstation Trip to Meghalaya:

For our outstation trip we thought of going to an unusual , unique destination. so we decided to visit the Mystical & Magical North East State of Meghalaya. We visited 2 main cities, Cherapunji & Shillong . Cherapunji is the wettest place on the earth, & Shillong, the most beautiful. It was an enigmatic experience seeing the gushing waterfalls, the fascinating twisty & knotty Living Root Bridge and the crystal clear waters of the Dawki River, which is in Bangladesh.

This was a very exhilarating trip - unusual sightseeing, full of great food, & above all deep bonding among the members.

POEM BY ZARINE HAVEWALA

The world is a unique place, for men and women to live in,
You can either conquer and win, or lose and give in;

The society was such, that men trounced to annihilate,
the dreams and aspirations of women, to make them subjugate

The world dominated by man had made it amply clear,
that woman, 'the weaker sex' - lived in trepidation, dread and in fear;

Times changed, because time - worn rules have to reform some day,
Education amongst women spread, and steered us to an enlightened wa

its time to empower; we all must dare to fly,
to follow our dreams, and soar high up in the sky;

it's time to evolve, and join the happy ride,
Supporting and helping each other, to turn the tide;

With the confidence of empowerment, women would get evolved,
The problems that men have created so far, would certainly get solved.
